

Stop the Smoking Ban!

Columbia's City Council will soon consider a smoking ban in restaurants and bars (including outdoor patios), bingo halls, bowling alleys, and membership organizations.

Business owners know the preferences of their customers, but this proposed ordinance would take away the right of private property owners to set the smoking policy for their establishments.

Help us stop the City Council from taking away your freedoms!

First – contact the Mayor and your City Council member NOW to let them know you oppose the smoking ban before it is too late.

Laura Nauser (Fifth Ward)	ward5@GoColumbiaMo.com	445-2899

Second – attend the public hearing on October 9th at 7:00 PM in the City Council Chambers. The more people that show up who oppose the smoking ban, the more likely the City Council will vote it down.

Please send your name, phone number, and email address to the Boone Liberty Coalition so we can inform you of any changes and remind you about the hearing. Leave your contact information by calling (573) 777-1950 or send an email to StopTheBan@booneliberty.org.
